NUMBERS

Men's numbers will be 1st Lap WHITE 2nd Lap WHITE 3rd Lap RED 4th Lap WHITE
In all other races all laps are with WHITE numbers.

Messages of Welcome

On behalf of North Lanarkshire Council, it is my pleasure to extend a warm welcome to all athletes, coaches, officials, family, friends and supporters to this year's National Cross Country Relay Championships at Cumbernauld Park.

North Lanarkshire Council is delighted to continue their longstanding relationship with Scottish Athletics Ltd and would wish to thank them for their continued support in bringing prestigious sporting events to North Lanarkshire.

I would take this opportunity to wish all of the athletes competing every success and I look forward to some high calibre competition throughout the course of the day.

Provost Jim Robertson
North Lanarkshire Council

On behalf of scottishathletics I would like to welcome you to Cumbernauld for the Scottish National Cross Country Relay Championships. I would like to take this opportunity to thank North Lanarkshire Council who have once again allowed us to use this wonderful facility at Cumbernauld Park and also the use of Cumbernauld High School.

The entry overall today is a record with 498 teams taking part and it will be no easy task in the soft underfoot conditions for Inverclyde AC and Edinburgh AC to defend their senior men's and women's titles.

My thanks go to the Road Running and Cross Country Commission for organising today's Championship, Kirkintilloch Olympians and Cumbernauld AC for helping with the course building and stewarding of today's event, the officials and volunteers who give up their time to help make events like these so successful.

Best wishes to all athletes taking part today and although muddy underfoot hopefully it will be dry overhead.

Leslie Roy
President, Scottish Athletics

The popularity of the Scottish Cross Country Relay Championships continues this year with a record entry of 498 teams. As I have mentioned in previous years part of the reason is the challenging course that is familiar to athletes, spectators and officials alike allowing efficient racing tactics, viewing strategies and optimum course design respectively. In these austere times North Lanarkshire Council has yet again earned our respect, appreciation and thanks in being able to support the event.

With the increase of numbers the difficulty controlling the take-overs increases. The shuttle method of separating the incoming and outgoing athletes allows efficient recording and avoids the two sets of athletes getting in each other's way. However the method requires both officials and athletes to be aware of the system and alert in order to operate correctly. Please play your part.

Thanks are due to the many officials and helpers whose preparation and planning make this event such a success.

To all the athletes and teams who are competing today – enjoy the challenge of the competition and please concentrate at the takeover.

The history and results of this race can be found at
