Shettleston Sail Home

At Baillieston, October 31st

WITH the roads awash under relentless rain, Shettleston Harriers not only won their own 4 x 5 miles Allan Scally Memorial Relay, but also gained third place, thus serving notice of strength in depth for the forthcoming Edinburgh to Glasgow 8 stage relay. Except for the intrusion of Willie Day, of Falkirk Victoria (23.00) on lap one, it was Shettleston versus Edinburgh Southern, with Shettleston building a lead over the first three laps that was to prove big enough to withstand Gareth Bryan-Jones storming last lap. Lachie Stewart (22.40) had 25 seconds in hand over Craig Douglas, Dick Wedlock (22.48) stretched this to 1.33 over Southern's Matson and Norman Morrison (22.58) was personally better by 27 seconds against Fergus Murray, giving Bill Scally a lead of exactly 2 minutes over Bryan-Jones at the last changeover. Gareth splashed round in a best-of-the-day 22.09, but Scally's steady 23.46 brought Shettleston home, if not dry, by 23 seconds. It was appropriate that Bill should take the tape in the race that commemorates the great service that his father gave to amateur athletics.

Bob Dagleish headed a team of Margaret Finn, Mr. & Mrs. Ian Roberts, R. A. Winter, and John Cherry, who produced copies of the complete result, in an attractive souvenir cover, just 35 minutes after the end of a lengthy tail crossed the line. There was an entry of 51 teams, 38 of whom completed the course.
